

When reproduced correctly at 1:1 this scale should be accurate in millimetres

Significant Health and Safety Risks:

Significant risks are not necessarily those that involve the greatest risks, but those, including health risks that are:

- a) not likely to be obvious to a competent contractor or other designers;
- b) unusual; or
- c) likely to be difficult to manage effectively.

- Cutting instruments to be used with care and by qualified personnel only; disc cutters should not be used.
- Use only appropriate adhesives, in accordance with manufacturer's recommendations and with adequate ventilation.
